

CASEJET™ PRINTING SUPPLIES

Every CaseJet MVP printing system uses premium printing supplies for high-resolution printing and dependable performance.

- Maximize uptime, using HP printing supplies with integrated printhead designs— every time you replace the cartridge you refresh the entire printing system.
- Rely on scannable barcodes that conform to required specifications with HP 4500 pigment-based ink formulations that offers design versatility and superior print quality with low intervention on a variety of porous substrates, including corrugated cardboard.
- Easily integrate into any environment with innovative cartridge designs that are easy to replace—HP printing supplies are tested for reliability and work virtually every time.
- Keep the environment clean and contaminant-free with self-contained, genuine HP printheads and supplies—HP inks are non-toxic and appropriate for food manufacturing facilities.
- Recyclable—Inquire about our recycling program.
